BØRDAK

BØRDAK builds ritual, visceral techno: hypnotic groove, organic percussion and dark atmospheric tension.

Self-taught and driven by a constant pursuit of hypnotic states, the project moves through darkness, repetition and release — treating the set as a ritual progression rather than a sequence of tracks.

RAW · DEEP · HYPNOTIC · RITUAL · PERCUSSIVE

Hypnotic groove · organic percussion · dark atmospheric textures

A DJ language built around tension, repetition and altered states. The sound is physical first: deep low-end, dry percussion and a groove that keeps advancing until the room gives in.

TWO PERFORMANCES

The project is still taking shape — with the set itself treated as a ritual progression:

darkness → tension → hypnosis → release.

DOMINA

2026 · STUDIO SESSION · SOUNDCLOUD / @BORDAKDJ

DOMINA enters through the body: a dark, hypnotic session shaped by deep pressure, restrained percussion and a slow pull toward the floor. The tension stays controlled; the groove does the work.

THE LAST GAME 1985

2026 · STUDIO SESSION · SOUNDCLOUD / @BORDAKDJ

THE LAST GAME 1985 is colder and more cinematic: a ritual of repetition, tension and memory, moving between raw rhythm and suspended atmosphere. A session built to feel like a scene rather than a sequence.
